

## TELESCOPIC GYMNASIUM SEATING

**husseyseating**<sup>™</sup>

YOUR PARTNER FOR SEATING SOLUTIONS

## Making Your Space More Functional

Every multi-use space is different – from grade school cafeteriums to collegiate level field houses. And we understand that your seating solution has to meet your facility's specific needs - both today and tomorrow.

Hussey Seating has a long tradition of providing high quality telescopic seating designed to deliver the maximum flexibility from any gymnasium or multi-use space. We also know that the key to developing and providing the perfect telescopic seating solution is an understanding of each customer's unique needs.

Collaborating with our customers and applying our seating expertise delivers a seating solution that makes the most of your multi-use space every single day – not just game day.

## Great Performances

When you specify MAXAM®, you get seating performance that exceeds expectations. No one offers a broader range of features, accessories, and engineering options to meet your seating needs than your Hussey™ dealer. No one knows more about maximizing your capacity and multi-use adaptability.

And only MAXAM gives you an independently certified design, a Hussey factory-trained and certified installation team, and also offers factory-backed maintenance, repair & renovation for the actual life of the product.

Our rock-solid dealer relationships and rigorous product training are unique in the industry. And that means Hussey and our dealers stand confidently behind you and your project at each and every critical step, from proposal through design, installation, and beyond.

Put all the expertise of your Hussey dealer and all the resources of Hussey Seating™ to work for you.

# The Total Package

From our brand new XtremeLogo™ bleacher graphics that make your gym come alive to our Clarin® portable logo chairs, the Total Package Graphics Program helps create the ultimate gymnasium. Inspire your team, students and community with vibrant colored rails, spirited CourtSide™ Contour Backrests, integral CourtSide seat graphic logos, vivid Safety End Closure Curtain graphics, exciting Media Platform Rail Sleeve graphics, and our sleek new StepSigns™ and CourtSigns™. The customization options are nearly endless!

MAXAM® Telescopic Gym Bleacher with The Total Package  
Biddeford High School • Biddeford, ME  
Harriman Associates

*“The bleachers have generated a great deal of school pride with our student body. The kids are so proud when players from opposing schools come into the gym and comment on how beautiful the bleachers are. They’ve turned a nice gym into a state of the art gym...it’s stunning!”*

- Dennis Walton, CAA, Athletic Administrator,  
Biddeford High School, Biddeford, Maine

### Fundraising Opportunities

A creative way to raise some extra funds for your school is by offering sponsorships to local businesses with their logo and contact info on the XtremeLogo, End Curtain, StepSigns, CourtSigns, on the double back of our Clarin by Hussey Seating logo chairs, and on the Media Platform Rail Sleeve.

#### A. XtremeLogo

The cornerstone of the Total Package Graphics Program, the XtremeLogo places your school’s mascot or logo on a grand scale in the center of your bleacher sections. Using a proprietary graphic transfer process, your XtremeLogo is permanently bonded to the CourtSide bleacher seats – no peeling, scuffing or scratching. Whether the bleachers are opened or closed, your logo will impress.

#### B. Clarin Portable Sideline Chairs

The choice of colleges and pro teams nationwide, Clarin portable chairs offer state-of-the-art logo customization for backs, seats and even seat gussets. Durable, full-color imprints of your mascot, logo, and spirit message give big-league sideline impact. Clarin’s proven worry-free dependable performance is legendary, delivering decades of service with the flexibility of interchangeable seats and backs.

XtremeLogo

Clarin Portable Chairs

StepSigns

CourtSigns

#### C. StepSigns™

These ultra-durable full-color signs are pre-applied to the front of bleacher aisle steps during manufacturing. Offering full-color to single color imprinting, they are a great place to remind students, fans and competitors of your school motto or spirit message.

#### D. CourtSigns™

Featuring the same material and imprinting options as StepSigns, CourtSigns are pre-applied to the bleacher skirt boards during manufacturing. Their longer runs and placement make them ideal for ringing the court with your school name.

#### E. CourtSide™ Graphic Logos

CourtSide gym seat modules offer a spot for every fan to see your school’s logo or mascot at the end of each seating area. These durable, full-color custom graphic logos can even be individually customized for section designation.

#### F. Media Platform

The rail sleeves of both detachable or permanently installed Media Platforms are the perfect spot to bring together your full-color logo, mascot, school name and spirit message to top off your bleachers with a message visible from anywhere in your gym.

CourtSide Graphic Logo

Media Platform and Rail Sleeve

Colored Rails

Backrests and Seat Spacers

Safety End Closure Curtain

Portable Chair Storage Carts

- A. Colored Rails**  
Your bleacher aisle, end, front and rear rails carry on your school's color scheme in one or more colors. Choose from a variety of standard color options or custom color matching to bring out school pride with a punch of color.
- B. Backrests and Seat Spacers**  
Contrasting color CourtSide™ CB contoured bleacher backrests deliver truly comfortable bleacher seating and turn up the spirit. They can be incorporated anywhere on your bleachers, with or without seat spacers.
- C. Safety End Closure Curtain**  
MAXAM® bleacher end curtains boost gym security while displaying your school pride. Vibrant full-color customization can run all the way off the edges in large full-bleed designs to wow people with your spirit as soon as they walk in the door.
- D. Portable Chair Storage Carts**  
Put an end to haphazard sideline chair storage with our specially engineered Clarin® chair storage carts. Make set-up and break down a breeze by using stacking, hanging, flat or studio carts to keep your chairs organized and all in one place.

## SOLUTIONS

# Flex-Row™

Flex-Row is the crowning achievement of MAXAM®. It paves the way for your facility to easily accommodate the most challenging team sport and public access seating requirements. Create an endless variety of configurations to accommodate constantly changing needs like team seating, wheelchair access and scorer's tables.

MAXAM Telescopic Gym Bleacher with CourtSide Seats  
University of New England • Biddeford, ME  
Sasaki Associates, Inc.

Standard open bleacher arrangement

Open bleachers using Flex-Row to create ADA seating and scorer's table areas

Closed bleachers using Flex-Row for practice team seating

Over time, seating codes, standards and regulations change. Why not give telescopic users the maximum flexibility to respond? Flex-Row™ is the answer, a bold stroke in quick utility.

In its unused position, Flex-Row maintains a standard telescopic bleacher appearance. In only minutes, you can easily re-configure your first bleacher row into any number of lock-in layouts to provide a variety of ADA solutions instead of just one. From a single wheelchair with a seated companion all the way up to a group of several wheelchairs, Flex-Row can handle them all.

Flex-Row also can open up bleacher cut-outs to provide a space for portable team sideline seating and scorer's tables. No matter what the use, Flex-Row features fully enclosed skirting to provide an added measure of safety for fans and students while keeping debris out from under the bleachers. Your Flex-Row can even include backrests to create VIP sideline seating that is fully retractable, or to provide integral visiting team seating.

Flex-Row keeps delivering benefits after the game too. When the entire bank of bleachers is closed, Flex-Row can be pulled out to provide the day-to-day gymnasium seating demanded by coaches, teams and P.E. classes. In these situations, Flex-Row naturally limits student climbing behaviors by providing a convenient place to sit and put book bags.

No matter what the use, you do not need keys, special tools, power, remotes or pendants to operate Flex-Row. The concealed mechanism is easy to operate with just a pull of a lever by your facility staff, coaches or even your faculty.

Easy-access activator, no remote or operation pendant required

## Bleacher Seating Solutions

Hussey's telescopic bleachers can be topped with a variety of different seating solutions. Choices range from classic wood benches to individual polymer seat modules, backrests, seat spacers and even cup holder options. With all of the seating and row spacing options available for MAXAM®, you can leave cookie-cutter bleachers behind and get the perfect bleacher system to match your facility's specific needs.

MAXAM Telescopic Gym Bleacher with CourtSide™ Seats and Backrests  
Barry University • Miami Shores, FL

CourtSide CB Contoured Backrests

CourtSide XT Seat Spacer

### A New Dimension of Comfort

Comfortable bleachers are no longer a dream, courtesy of Hussey's CourtSide™ modular gym seat line. Seat modules, contour backrests and seat spacers are just the ticket for seating spectators in truly comfortable bleacher seats – a welcome surprise for your fans.

CourtSide is completely modular, and using any piece of the CourtSide line will deliver an enhanced level of comfort to your bleacher seats. You can use all three types of modules throughout your gym, or mix and match to create different levels of seating within the same bleacher bank. Easily create a first row of integrated team seating, or build a section of reserved VIP seating for season ticket sales to your boosters.

Hussey's CourtSide modular gym seat line includes two sizes of contoured seat modules, CourtSide CB contoured backrests, and CourtSide XT Seat Spacers, either with or without cup holders.

CourtSide CB backrests are ergonomically designed for maximum comfort. While cheering on the team, spectators can lean back and enjoy ideal low- and mid-back support. CB backrests are also designed for maximum fan safety and easy bleacher cleaning. One person can raise or lower up to seven interconnected backrests at a time, which minimizes labor and operational costs.

CourtSide XT seat spacers increase personal space by nearly 25%. This truly comfortable individual seat space better accommodates larger people who appreciate extra elbow room. Cup holder versions are available so you can maximize fan comfort and convenience.

Like all Hussey products, our CourtSide comfort features are engineered for quality and ease of use.

**SOLUTIONS**

# Row Spacing

MAXAM® offers three different row spacing choices depending on capacity expectations. Standard dimensions are 22" (559 mm), 24" (610 mm), and 26" (660 mm). For larger gymnasiums or collegiate facility dimensions, MAXAM+™ allows for 30" (762 mm), 32" (813 mm) or 33" (838 mm) row spacing. As the row spacing increases, the required actual seat width decreases, influencing true seating capacity.

MAXAM® Telescopic Gym Bleacher with CourtSide Seats  
Van Wert High School • Van Wert, OH  
Farnham Equipment Company

# Seating Options

**CourtSide™ XCS12**  
The world's only ergonomically designed gym seat module, the CourtSide XCS12 provides an individualized compound contoured seat that incorporates modern styling, dual texturing and waterfall edges. 12" (305 mm) wide and manufactured from 100% recyclable materials, the CourtSide is the perfect blend of ergonomic comfort, modern design, performance and value.

**CourtSide XC10**  
CourtSide XC10 incorporates a unique fore to aft contoured seat and a gradual "waterfall" curve on the forward edge that reduces pressure to the sensitive region of the thighs regardless of the leg position. 10" (254 mm) wide. 100% recyclable.

**Classic Wood**  
All our wood boards are finger-jointed Southern Pine Grade "B&B", the finest available. Each is triple sanded and finished with two separately UV cured coats of urethane.

# Seating Customization

**Fold-Down Bleacher Chairs**  
Do you need fold-down chairs on your telescopic seating? Look no further than our MAXAM+™ telescopic platforms with 30" to 33" (762 mm - 838 mm) row spacing. Our comfortable and stylish Metro™ chairs are available on just a few rows or your entire MAXAM+ system. Metro chairs are available in upholstered or all-polymer versions, and fold and store in the unit when closed. Available with either semi-automatic or foot assist operating mechanisms.

**Signature Logo Program**  
Your local Hussey dealer will work with your community or school to develop a logo design that makes everyone proud. With the MAXAM Signature Logo Program, it is easy to create the most colorful and spirited bleacher logo design.

**Standard Colors**  
The CourtSide™ XC10 and XCS12 are available in 15 standard colors. For accent lines, attention-grabbing signature logos or sticking with a solid color theme, CourtSide is your ideal seat. Production plastic and powder coat colors can vary from printed samples shown, so Hussey makes sample chips available upon request. Custom color matches are also available.

**APPLICATIONS**

# Wall Attached

Our most popular telescopic gym seating solution. Wall attached systems are supplied in 3 to 30 tier banks, are extremely adaptable, and efficiently recover floor space, allowing you to easily get the most out of your facility at all times.

MAXAM® Telescopic Gym Bleacher with CourtSide™ Seats & Backrests  
 Smith Center High School • Smith Center, KS  
 Kansas Contract Design

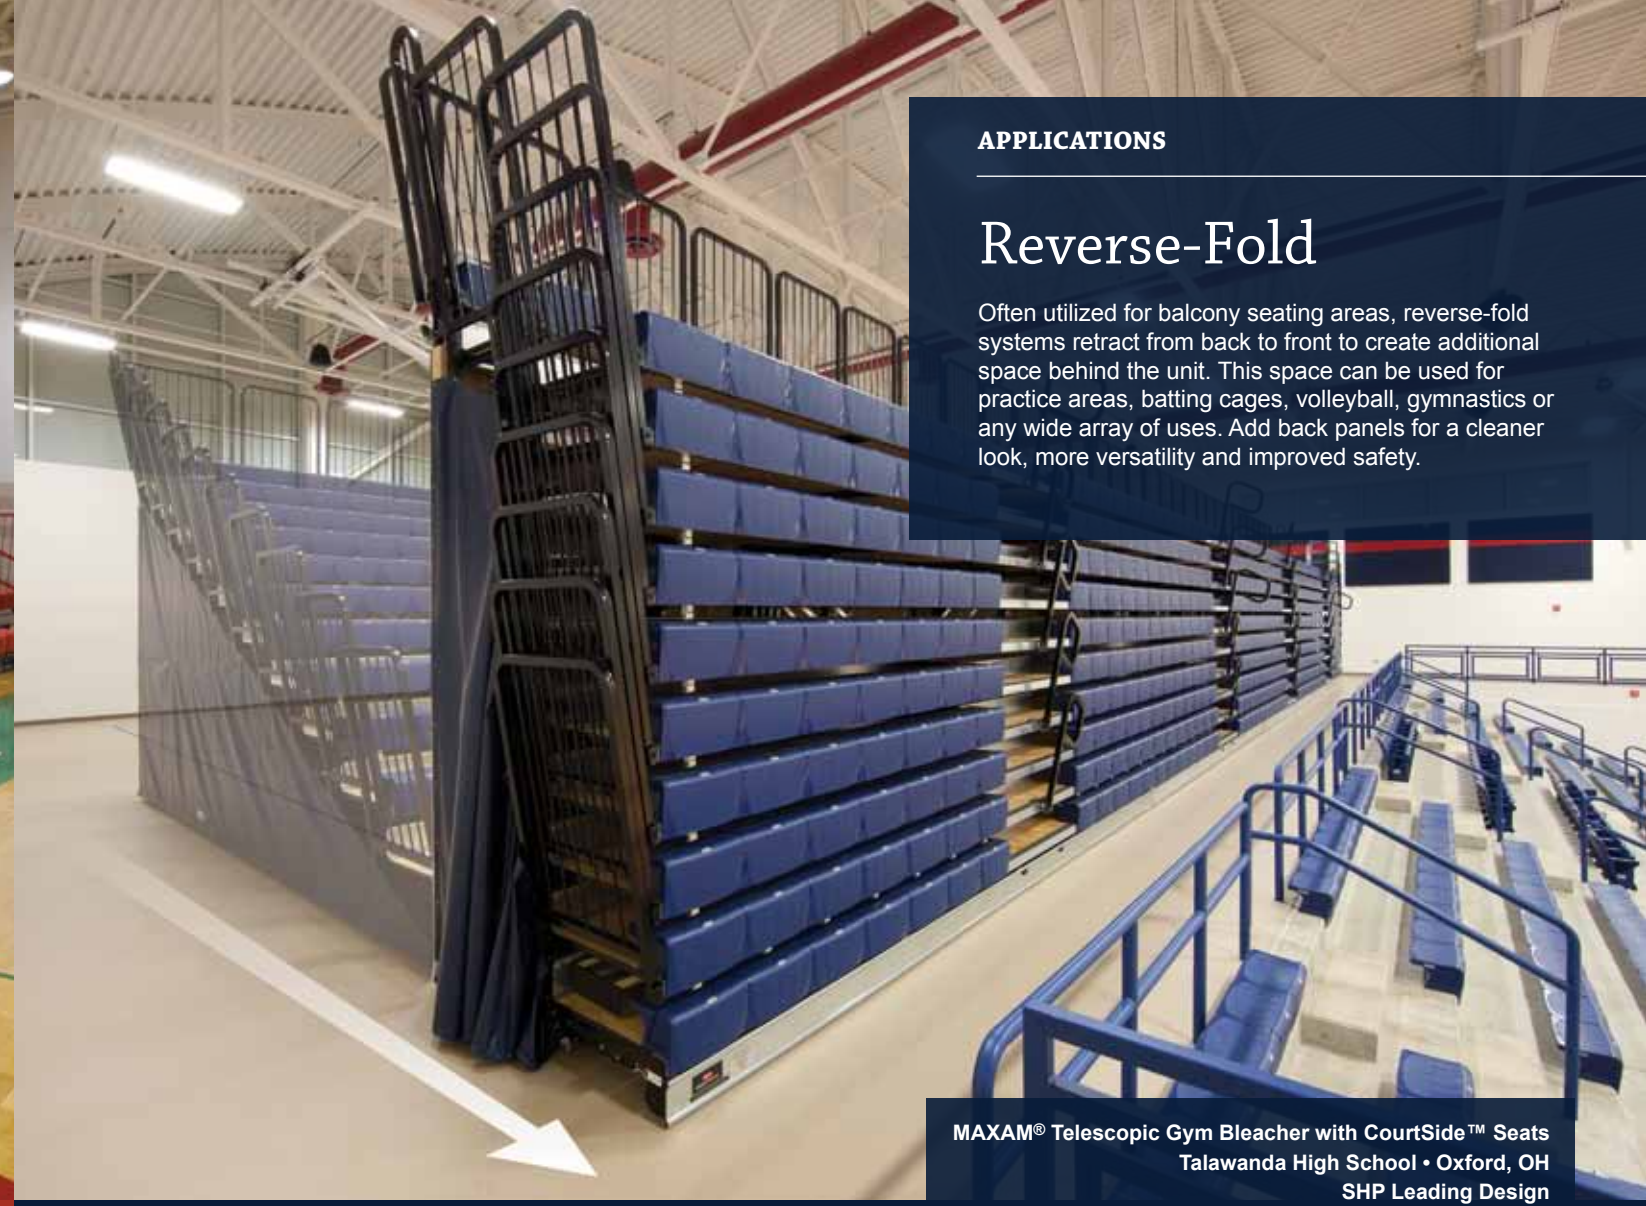

Wall Attached Closed

**Pendant Control**  
 Pendant controls allow the operator to see the entire bank as it opens and closes—an important safety precaution. The pendant control can be easily removed to prevent unauthorized use.

**Wireless Remote Control**  
 All of the built-in safety features of our standard pendant control, with the additional convenience and freedom of movement offered by wireless operation.

**APPLICATIONS**

# Reverse-Fold

Often utilized for balcony seating areas, reverse-fold systems retract from back to front to create additional space behind the unit. This space can be used for practice areas, batting cages, volleyball, gymnastics or any wide array of uses. Add back panels for a cleaner look, more versatility and improved safety.

MAXAM® Telescopic Gym Bleacher with CourtSide™ Seats  
 Talawanda High School • Oxford, OH  
 SHP Leading Design

Reverse-Fold Closed

Reverse-Fold Open

**Reverse-Fold Delayed Action**  
 Further increase your usable space by up to 3' (914 mm) with MAXAM's delayed action feature. The entire closed bleacher stack moves forward on a linkage to recover additional floor space.

APPLICATIONS

# Recessed

This system utilizes a pocket in the wall to house the bleacher when closed. The ends may or may not be exposed, and the bleacher is hidden from view typically under a balcony or mezzanine.

Recessed bleachers are outfitted with upper and lower tracking guides, removable end rails, and can accommodate custom transition steps to the balcony when required.

MAXAM+™ Telescopic Platform with Metro™ Chairs  
Reynoldsburg High School • Reynoldsburg, OH  
Farnham Equipment Company

APPLICATIONS

# Portable & Freestanding

**Portable**

These bleacher sections allow you to easily move and store bleachers where you want them. Create any number of custom seating layouts for different events. Units may be equipped with locking floor pintels for extra safety and security.

**Freestanding**

With a heftier rear column that's permanently secured to the floor, these bleachers provide design flexibility for buildings that can't support wall loading or where wall loading is marginal.

MAXAM® Telescopic Gym Bleacher with CourtSide™ Seats  
Plymouth High School • Plymouth, IN  
Lee Company, Inc.

Recessed Open

Recessed Closed

Freestanding Closed

**Portable Dolly**

Most economical for large number of small portable sections. Two dollies are required to move one section. Maximum section weight of 4000 lbs (1800 kgs).

**Integral Dolly**

Ideal for high tier units, the integral lifting mechanism allows your staff to move multiple portable sections without additional equipment. Four mechanical screw jacks lift the unit and 12 large wheels allow for effortless transportation of your bleacher. Maximum section weight of 7000 lbs (3150 kgs).

**Traveling Units**

A hybrid of recessed and portable banks, traveling units use integral power to drive the entire bank from one setup position to another. Set-up time is greatly reduced compared to individual portable sections.

# Understructure

## Performance, Flexibility and Safety

**A. Posi-Lock™ LX**  
 These automatic row locks prevent accidental closure when the system is in use. This patented, innovative, low-profile design minimizes the chance of accidental damage, ensuring consistent operation.

**B. Nose & Riser Beam**  
 These rolled form structural members provide continuous deck support, and are through-bolted to the frame and stabilizers. These designs deliver unparalleled strength, durability and rigidity.

**C. Continuous Positive Interglide**  
 This interlocking glide system is a rigid, one-piece formed design which tracks better and operates easier than systems with 1/2" (13 mm) row to row engagement. The 10" (254 mm) minimum interlock provides the industry's most rigid, stable design. Our wheels are 5" (127 mm), resulting in less rolling friction.

**D. Captive Interlock & Adjustable Row Stops**  
 The Captive Interlock System engages and aligns deck to deck. In addition, MAXAM® can be configured for three different row-spacing setups—adjustable on-site if required. MAXAM incorporates three stabilizer assemblies per section to provide improved tracking and stability.

**E. Independently Locking Flex-Row™**  
 Each Flex-Row is equipped with an independent self-locking mechanism to deliver maximum flexibility, performance and safety.

**F. Full-Length Captured Decking**  
 Decking is captive in the riser beam and rests on the nose, firmly secured by the seat bracket. This system provides a stiff, secure walking surface with no exposed hardware. MAXAM is the only telescopic gym seat that utilizes transverse decking, using decking materials in accordance with their industry span rating. Thoroughly load tested and independently verified, MAXAM's continuous full-length deck support system provides an enhanced level of performance, safety and stability.

**G. Slant Frame Design**  
 Load-tested and certified for 30 tier single stack sections up to 25' 6" (7772 mm), our slant frame design delivers improved cantilever strength and capacity. It also simplifies the installation process, reducing downtime for the facility. Critical support areas are all fastened with bolts, lock washers and hex nuts. Only MAXAM incorporates a steel to steel connection where the frame meets the wall, creating a stronger union and a safer gym seat.

**H. Tension Bracing**  
 Through bolted to the frame to provide additional stability. All bracing is coined to remove sharp edges, and all ends are rounded for safety.

## Rail Options

### Colored Rails (Left)

Carry your color scheme throughout the facility with one or more of our palette of standard colors to show your school spirit. Aisle rails, end rails and front or rear rails can all be customized to match your school colors. Ask your Hussey dealer for more information.

### Center Aisle Hand Rails

Safety rails include fixed, folding and removable options and feature a safe, fully closed design.

### Fixed Front and Rear Rails

An ideal solution for truncations, elevated front aisles, freestanding, portables and reverse fold systems. All rails maintain a consistent design appearance.

### Fold & Stow Center Aisle Hand Rail

Requires no tool and stores on the deck in the bleacher's closed position. Rail rotates and snaps into place.

### Self-Storing End Rails

This stylish self-storing rail is designed to meet the most stringent codes for rail loading and sphere passage. Add 12" (305 mm) to bank length for each railed end.

### Powerglide™ Automatic Aisle Rails

Maximum safety with minimal effort. Open, the rail provides almost continuous support down the aisle. The rails automatically fold to the closed position as the bank closes.

## Media Platform

Perfect for videotaping, photography, radio broadcasting or team talent scouting, the Hussey Media Platform creates a workable space for covering all the action. Optional rail sleeves can be customized to promote school spirit or generate revenue.

## Other Options

### Safety End-Closure Curtains

Prevent unauthorized access to the underside of the bleacher, misuse that can result in injury, vandalism and potential liability risk. With Hussey Safety End-Closure Curtains, you can boost gym security while displaying your school pride. Built school-tough, they work beautifully and securely on new or existing bleachers. And Hussey offers the capability for full-bleed designs—including photographs. When paired with the CourtSide™ graphic logo, you can carry your school's identity throughout the gym.

CourtSide  
Graphic Logo

### Power Assist

Portable power permits one person to open and close manual sections by moving the tractor from section to section. Operates on standard 115 volt 20 amp service.

### Integral Power

MAXAM®'s Powered Frame design applies force where needed—at the frames—and allows for better tracking over uneven floors. With five power options available, you buy only the power you need.

### Elevated Front Aisle

Elevated front aisles start at various heights and run the length of the first row of the bleacher. EFA's improve sight lines and are ideal installations for hockey rinks and more. All can be outfitted with front rails, end rails, front panels or access stairs. An ideal solution to facilitate egress and accommodate your individual building requirements. Access stairs can be added as an option.

### Motion Monitor

Audio-visual warning for an integrally powered unit that provides a flashing light with self-contained warning horn. Rated at 85 dB, it activates when bleachers are in motion.

### Limit Switch

Limit switches ensure the motor stops once the bank is completely open or closed.

### Aisle Steps

Intermediate steps at each vertical aisle are mounted to the deck providing code-compliant rises and tread depth. Steps are fitted with non-skid strips and offer rounded edges to enhance safety.

30	24'-8 1/8"	7522				

(1) Open and closed dimensions are for wall attached units. For portable and freestanding units, add 2 1/4" (57 mm) to open and closed dimensions. For reverse fold units, add 2 1/4" (57 mm) to open dimension and add 2 1/4" (57 mm) plus row spacing to closed dimension. For recessed units, add 6" (152 mm) to closed dimension for the minimum recess depth.

(2) For recessed units, add 2 1/2" (64 mm) to seat height for the minimum recess height.

(3) Maximum number of rows for wall attached section lengths 16'-6" (5029 mm) or longer.

\* For complete dimensional charts referring to other applications including product limitations please reference FastFacts or ask your dealer for details.

## Sustainability

At Hussey Seating, respecting the landscape we live in—and the hard work and well-being of the people we work with—has always been in our DNA and part of our heritage. Our commitment to environmentally friendly business practices has taken many forms over the years as standards and technology have changed.

In the 1970s, when the rest of the nation began to become more environmentally aware, we had already laid walking trails and planted a tree farm on our beautiful Maine campus. Today, going green means developing environmentally friendly paints and finishes, sourcing sustainable woods and metals, going beyond local and national regulations in clean manufacturing and waste disposal, and making deliveries on time while reducing our carbon footprint. We reduced our air emissions by 90% while tripling our seating business, so we know green business is good business.

Hussey seating solutions come in a wide range of colors—but every day our seats get greener. If you'd like to learn more about our sustainability efforts, please visit our website at [www.husseyseating.com/sustainability](http://www.husseyseating.com/sustainability)

## Hussey Seating Company™

The Hussey Seating Company story dates back to 1835 with William Hussey's tremendously successful plow design, and thus, the Hussey Plow Company was born. As times changed over the next sixty years, the family set about reinventing the business, evolving into the company that is now seating the world. Today, under the sixth generation of family leadership, Hussey Seating Company is proud to be known as the leading manufacturer of seating solutions throughout the world – in stadiums, arenas, schools, universities, colleges, places of worship and anywhere people gather.

**Hussey. Your partner for seating solutions.**
